MARCH 14 WALKOUT

I'm sure by now most of you have heard about a national walkout planned for March 14 in response to the tragic event in Parkland Florida. This is a student-led activity. As of right now, I have not heard from any student leaders about a walkout planned at Varina. Please know HCPS is not sanctioning this walkout, but we are concerned about student supervision in the event that students leave their classrooms. Please have a discussion with your student about your beliefs related to the walkout and any expectations you have about your student's actions on March 14. Varina staff will provide supervision of

all students, inside and outside the classrooms, at this time. The HCPS code of conduct still applies to the behavior of students. If you have any questions, please feel free to reach out to me.
