

# SAT Prep using Khan Academy

## 1 GETTING STARTED

---

To get started using this free, SAT practice website, please go to the website [www.khanacademy.org/test-prep/new-sat](http://www.khanacademy.org/test-prep/new-sat). Please keep in mind that this is preparing you for the new SAT that begins March 2016. The website will look like this:

Please click on the purple tab that says “Practice for the new SAT >.” You will be asked to sign-up with an email. Please remember your username and password, so you can continue to have full access to the site. Write your credentials here:

Username: \_\_\_\_\_

Password: \_\_\_\_\_

## 2 JOIN OUR CLASS

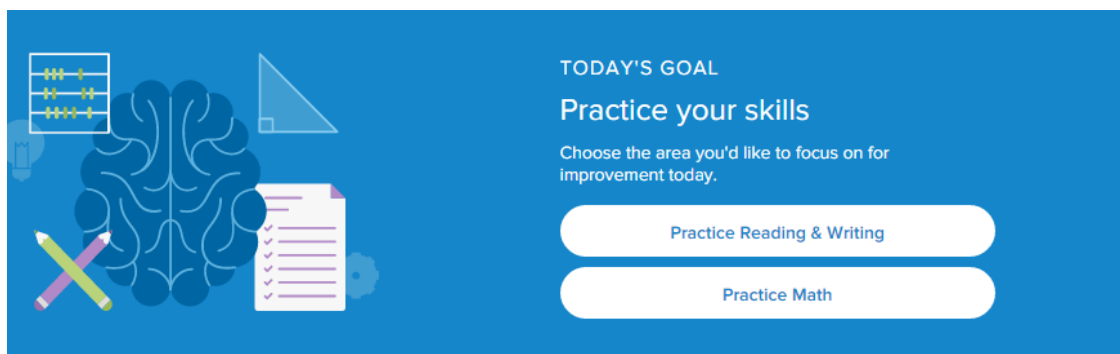

---

Once you have joined Khan Academy, you can join our online class with a class code.

1. Log in to your Khan Academy Account
2. Visit [khanacademy.org/coaches](http://khanacademy.org/coaches)
3. There, in the “Add a coach” field, enter the class code **PR225N**
4. You’re set! Now, click **Home** to start learning!

## 3 TODAY’S GOAL

---

To use Khan Academy, you will have a daily goal. You will move through different lessons until your SAT test date. It is completely up to you the pace you move through the lessons, but this is not a test that can be crammed for. You must dedicate yourself and focus your studies.

As you move through the lessons, you see your “current skill levels.” Additionally, you can link your College Board account to your Khan Academy profile, and it will sync your testing calendar with your preparation calendar.

## 4 I’M STUCK!

---

If you need any help with this program or getting started, please email Ms. Emily Stains at [elstains@henrico.k12.va.us](mailto:elstains@henrico.k12.va.us) or come by 902 for additional help before school or during ABC.
